

Examination Certificates

The School has many uncollected examination certificates. There are very important documents which students may need when applying for employment or a place at college or university.

Students are awarded their examination certificates at the annual Celebration and Awards Evening. Students who are unable to attend should arrange to collect their certificates from the School office. Certificates will not be posted.

The school will keep certificates for no more than 3 years after the student has left, after which time they will be destroyed.

If you are a past pupil and have not yet collected your certificates, please contact the School to arrange to do so.
